Ready to work in office and remotely

Full Stack Software Developer with 1,5 year of commercial experience seeking new opportunities. Experienced in JavaScript, TypeScript, React, React Native, HTML, CSS, and Preprocessors, with hands-on experience in Node.js. Committed to working closely with team members and creating dynamic, user-friendly web applications. Experienced in teaching basic algorithms to children and developing games in Scratch at the school. With strong communication, problem-solving and leadership skills, I am an effective team player and a dedicated individual who is committed to delivering high-quality results. Eager to continue growing my skills, specifically in Angular, Vue, and React Native. Has strong communication skills with a B2 level of English.
